Congratulations on your recent victory in the primary election.

Prior to the election, Americans for Prosperity – Missouri requested that you sign our No Climate Tax Pledge. Now that you have been selected as your party's candidate for the general election in November, we ask again that you consider signing our pledge, committing to the American people that you will oppose any effort to hide a revenue increase in an environmental bill.

Americans for Prosperity – Missouri is launching an initiative to draw a line in the sand declaring that climate change legislation will not be used to fund a dramatic expansion in the size and scope of government. AFP-MO is approaching current lawmakers and candidates for office on federal, state and local levels during this pivotal election season.

If you oppose unrestricted growth in government at taxpayers' expense and hidden under the guise of environmental political correctness, then sign the pledge at the bottom of this page and return it to our office, or visit www.noclimatetax.com.

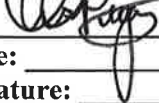

Sincerely,

Carl Bearden
State Director, Americans for Prosperity – Missouri
