## **Americans for Prosperity Applauds North Carolina State Senator Jerry Tillman** *-Signs No Climate Tax Pledge-*

RALEIGH-The North Carolina chapter of the grassroots free-market group Americans for Prosperity (AFP-NC) today applauded North Carolina State Senator Jerry Tillman (KS-29) for signing the group's "No Climate Tax Pledge." By doing so, Tillman pledges to "oppose legislation relating to climate change that includes a net increase in state revenue."

"The one thing elected officials should be able to agree on is that global warming shouldn't be used as an excuse to hike taxes on citizens and businesses," said AFP-NC State Director Dallas Woodhouse. "We encourage all of North Carolina elected officials and candidates for elected office to sign the pledge."

Proposed cap-and-trade legislation on the federal level, introduced by Sens. Joe Lieberman (I-CT) and John Warner (R-VA), is scored by the Congressional Budget Office as a net revenue increase of \$1.2 trillion within just the first 7 years the bill is in effect.

"Using the guise of climate change to transfer dollars from hard-working citizens to bureaucratic big government is unacceptable," said Woodhouse. "Regardless of their stance on global warming, this should be common ground for all of our elected officials at all levels of government."

North Carolina stands to lose up to 58,000 jobs by 2020 and a reduction in gross state product of up to \$6 billion per year, in the same period. Additionally, gas and electricity prices would soar over 21 percent and 30 percent respectively, according to a study by the American Council on Capital Formation.

The pledge is available online at [www.NoClimateTax.com](http://www.NoClimateTax.com). AFP does not endorse candidates. All elected officials and candidates are encouraged to sign the pledge and go on the record in opposition to using the climate change issue to increase taxes and grow the size of government.
