## **Americans for Prosperity Applauds U.S. Senate Candidate Dick Zimmer**

*-Signs No Climate Tax Pledge-*

BOGOTA-The New Jersey chapter of the free-market grassroots group Americans for Prosperity (AFP-NJ) today applauded U.S. Senate candidate Dick Zimmer for signing the group's "No Climate Tax Pledge." By doing so, Zimmer pledges to "oppose legislation relating to climate change that includes a net increase in federal revenue."

"Elected officials should be able to agree that global warming shouldn't be used as an excuse to hike taxes," said AFP-NJ State Director Steve Lonegan. "We encourage all of New Jersey's elected officials and candidates for elected office to sign the pledge."

Proposed cap-and-trade legislation on the federal level, introduced by Sens. Joe Lieberman (I-CT) and John Warner (R-VA), is scored by the Congressional Budget Office as a net revenue increase of \$1.2 trillion within just the first 7 years the bill is in effect.

"Using the guise of climate change to transfer dollars from hard-working citizens to bureaucratic big government is unacceptable," said Lonegan. "Regardless of their stance on global warming, this should be common ground for all of our elected officials at all levels of government."

New Jersey stands to lose up to 46,000 jobs by 2020 and a reduction in gross state product of up to \$7.5 billion per year, in the same period; gas and electricity prices would soar over 20 percent and 22 percent respectively, according to a study by the American Council on Capital Formation.

The pledge is available online at [www.NoClimateTax.com](http://www.NoClimateTax.com). AFP does not endorse candidates. All elected officials and candidates are encouraged to sign the pledge and go on the record in opposition to using the climate change issue to increase taxes and grow the size of government.
