## Americans for Prosperity Applauds Georgia State House Candidate Josh Clark -Signs No Climate Tax Pledge-

ATLANTA-The Georgia chapter of the grassroots free-market organization Americans for Prosperity (AFP-GA) today applauded State House candidate Josh Clark (98th District) for signing the group's "No Climate Tax Pledge." Clark joins over [300 lawmakers](#) on the federal, state and local levels pledging to **"oppose legislation relating to climate change that includes a net increase in federal revenue."**

"The one thing elected officials should all be able to agree on is that global warming shouldn't be used as an excuse to hike taxes on citizens and businesses," said AFP-GA State Director Virginia Galloway. "We encourage all of Georgia's elected officials and candidates for elected office to sign the pledge."

Seventeen Georgians have signed, including: U.S. Reps. Lynn Westmoreland, Tom Price, Paul Broun, and Phil Gingrey; and gubernatorial candidates John Oxendine and Eric Johnson.

Cap-and-trade took its first step toward enactment when the U.S. House narrowly passed the Waxman-Markey energy tax bill, which escaped the lower chamber by a scant seven votes despite significant bipartisan opposition. Senators Boxer (D-Calif.) and Kerry (D-Mass.) have begun committee hearings on companion legislation in the Senate. However, key Democratic senators have expressed opposition to attempting to pass cap-and-trade.

President Obama has made no secret of his support for the bill, which would be the largest tax increase in American history. The non-partisan Congressional Budget Office has scored the House plan as an \$846 billion increase in federal revenue, a burden that will be borne by taxpayers and consumers for decades to come.

"Using the guise of climate change to transfer dollars from hard-working citizens to bureaucratic big government is unacceptable," said Galloway. "Regardless of their stance on global warming, this should be common ground for all of our elected officials at all levels of government."

"As a small government conservative, I consider it an honor to sign my campaign on to this initiative," said Caldwell.

The pledge is available online at [www.NoClimateTax.com](http://www.NoClimateTax.com). AFP does not endorse candidates. All elected officials and candidates are encouraged to sign the pledge and go on the record in opposition to using the climate change issue to increase taxes and grow the size of government.
