## Americans for Prosperity Applauds U.S. House Candidate Diggs Brown -Signs No Climate Tax Pledge-

DENVER—The Colorado chapter of the free market grassroots group Americans for Prosperity (AFP-CO) today applauded U.S. House candidate Diggs Brown (4<sup>th</sup> District) for signing the group's "No Climate Tax Pledge." Brown joins more than [370 lawmakers and candidates](#) on the federal, state and local levels pledging to **"oppose legislation relating to climate change that includes a net increase in government revenue."**

"The one thing elected officials should be able to agree on is that global warming shouldn't be used as an excuse to hike taxes on citizens and businesses," said AFP-CO State Director Jeff Crank. "We encourage all of Colorado's elected officials and candidates for elected office to sign the pledge."

Other Colorado signers include: U.S. Representative Doug Lamborn; U.S. Senate candidates Ken Buck and Jane Norton; U.S. House candidate Cory Gardner; State Senators Dave Schultheis and Shawn Mitchell; and State Representatives Marsha Looper and Don Marostica.

Cap-and-trade took its first step toward enactment last year when the U.S. House narrowly passed the Waxman-Markey energy tax bill, which escaped the lower chamber by a scant seven votes despite significant bipartisan opposition. The U.S. Senate has struggled to pass companion legislation, with several key Democratic senators expressing opposition to the energy tax bill.

President Obama has made no secret of his support for the bill, which would be the largest tax increase in American history. The non-partisan Congressional Budget Office scored the House plan as an \$846 billion increase in federal revenue, a burden that will be borne by taxpayers and consumers for decades to come.

"Using the guise of climate change to transfer dollars from hard-working citizens to bureaucratic big government is unacceptable," said Crank. "Regardless of their stance on global warming, this should be common ground for all of our elected officials at all levels of government."

The pledge is available online at [www.NoClimateTax.com](http://www.NoClimateTax.com). AFP does not endorse candidates. All elected officials and candidates are encouraged to sign the pledge and go on the record in opposition to using the climate change issue to increase taxes and grow the size of government.

*Americans for Prosperity® (AFP) is a nationwide organization of citizen leaders committed to advancing every individual's right to economic freedom and opportunity. AFP believes reducing the size and scope of government is the best safeguard to ensuring individual productivity and prosperity for all Americans. AFP educates and engages citizens in support of restraining state and federal government growth, and returning government to its constitutional limits. AFP has more than 900,000 members, including members in all 50 states, and 25 state chapters. More than 55,000 Americans in all 50 states have made a financial investment in AFP or AFP Foundation.
